Only up to 20% of all offered courses are taught in English – it is impossible to make 30 ECTS only in English!

If a student had completed 3 years of studies previous to mobility, he/she can enroll courses of 1st or 2nd semester of master studies and elective courses of each semester.

If a student had completed 4 years of studies (8 semesters) previous to mobility, he/she can enroll courses of 3rd semester of master studies (or lower). Elective courses student selects according to his/her interest.
